# OUR FACTORY

The cut to size materials are manually selected, one by one, according to the reference samples. We constantly produce Burdur Beige in standart sizes and also special sizes in different colors according to the project requirements.

# OUR QUARRIES

ADK Marble owns 2 main marble quarries: Burdur Beige (Yesilova/Burdur) and Empire Beige (Egirdir/Isparta).

**Heavy duty equipments:** 4 loaders, 4 excavators and 2 dump trucks.

**Production capacity:** 30.000 Tons/Per year.

Quarrying and sustainability: Commitment to environmental protection and workplace safety precautions are followed strictly through all the production process.

We produce and carefully select Burdur Beige blocks from our own quarry, to be exported as rough blocks or to be processed into slabs and cut to size materials in our factory.

ADK Marble has been expanding its portfolio day by day and keeps the satisfaction of its customers at the highest level all over the world.

## OUR PRODUCTS

### CLASSIC BEIGE SCL

It is the timeless beauty which has been highly demanded in commercial and residential projects for several decades. ADK Marble has its own power since being a quarry owner of this material. It is perfect choice for indoor and outdoor applications. ADK Marble supplies Burdur Classic Beige SCL marble from own quarry in Burdur province.

### CLASSIC BEIGE RLK

This material is a classic and well-known product, due to its beautiful design and uniform structure, which makes it a great option for large scale projects. It is the most preferred product of luxury hotel and residential projects.

### DELUXE BEIGE

If you want to create a timeless classic look, this light beige marble with its delicate white veins and spider design, is a great option. It can be used as a main material in many types of different projects, such as floorings, staircases, various surface finishes, decorations as well as countertops for bathrooms and kitchens.

ADK MARBLE®

## BRUNO PERLA

Bruno Perla is an intense brown marble with delicate yet dramatic white veining. In its glossy finish and rich brown color, this material immediately creates an eye-catching appearance to the design.

The veins give the environment an elegant movement and the shades of brown color add warmth, structure and naturalness to your home. Bruno Perla is a special element to be paired with neutral tiles to create stunning marble countertops, statement kitchen islands, fireplace surrounds, and wall cladding.

## NARCISSE

The charm of this bold marble when it comes to the scene of contemporary interior design projects is simply fascinating. With its cloudy brown shades, Narcisse makes an ideal choice to create a warm, cozy and yet contemporary settings.

## CAMELOT GREY

Uniqueness and originality of the Camelot Grey are luminous white veins and tiny gold sparkles. Exude elegance and matches with many colors with its earthy tones. It has a unique structure and natural beauty.

## ALEXANDRETTE BLACK

Alexandrette Black with its intense black background and its delicate white and gold veins adds a noble and luxurious ambiance to your interior. It can be used for flooring, bookmatched wall coverings and especially for luxury fireplace...

It reflects perfectly its elegance with its shiny finishing and also leather finishing too.

## FUSION BLACK

It's a one of a kind of material, like its name. This black marble makes you get lost in its mysterious beauty. Thanks to its black color that gives quality and elegance to any setting; that is why it's a great option to add a magical touch to your designs.

## FUSION BLACK GOLD

Fusion Black Gold selection contains gold veins unlike the Classic Fusion Black.

It gives a unique atmosphere to both classic projects and more moderns, with its gold veins that stands out from all shades.

## TITANIUM GREY

This stylish grey marble with cool blue undertones always gives a distinguished appearance, no matter how it is used. It is aesthetically calming while still maintaining a very high level of sophistication.

The veins lined in light and dark gray are almost a symbol of the dynamism in nature. Whether on floors or walls, its usage will be neutrally stylish.

## TUNDRA BLUE

Tundra Blue is a trending material with its grey and blue shades in it. From the design ideas to the latest architectural projects, grey expresses both sophistication and grace. Just like our Tundra Blue from ADK MARBLE.

Its conservative beauty and neutrality, combined with other marble colors, makes a perfect combination for your projects.

## CASCATA GREY

Density of brownish veins, smoky and milky grey hues of this grey marble invite you noble atmosphere. Cascata Grey's colour harmony offers peerless decorative options for walls, countertops and creates neutral areas for kitchens.

## CALACATTA VERDE

With its harmonious of green and grey color veins on its pure white surface, Calacatta Verde recalls the harmonious movements of the clouds floating through the sky, the result is a relaxing and dreamy atmosphere. This timeless color works in any space from the kitchen to the living room and compliments any style of furniture, artwork, and accessories.

## LILAC

It is doubtless that Lilac is one of the most beautiful white marbles from Turkey.

With its pure white background and its dramatic dark purple veins, Lilac has gained in popularity among top designers and architects who appreciate its clean look and sophistication.

## GOLDEN SPIDER

Golden Spider, which is kind of dolomite has enigmatical thin, gold veins like spiders on pure white ground and differentiate from marble due to its solid structure. Gold and orangish veins of this dolomite make desirable appearance for exterior-interior wall and floor application, countertops and more.

# EMOTION GREY

Emotion Grey is another outstanding trend material from our grey palette. It features a smoky gray color tone with soft shadowy white veining. Modern and sophisticated, this distinctive material is with no doubt a prestige material in the interior design world.

# STORM GREY

Storm Grey, with its polished and honed surface suggest naturally stunning property for all places. Light grey veins add a fanciful view and give lots of usage options like flooring and wall applications.

# OCEAN BLUE

Ocean Blue got its name because of its serene and comfortable appearance but also because of its deep, magnetic and mysterious presence. It's always an elegant choice for dynamic and luxury spaces. It's possible to create impressive finishings at everywhere with this kind of blue color.

# SAHARA NOIR

The deep black marble with dramatic white and gold veins can transform your design from the ordinary to the luxurious and will transport you to a true oasis of well-being. It is an ideal choice for accent walls, countertops, backsplashes, and even marble flooring, and other features where an element of drama is desired.

# NERO PICASSO

This marble features a deep black background with luxury dynamic golden veins, it is equally impressive as a mural art or a decorative centerpiece for your interiors. If you want to create a chic and artistic interior, Nero Picasso is the perfect piece to complete the setting.

# PORT LAURENT

This natural stone shows a magnificent contrast between its brown background and intense orange veins reminding us of flash lightening in the dark night. It is perfect for countertops and bookmatched wall coverings. Port Laurent marble communicates energy, luxury and distinctness.

## RAINBOW ONYX

A splash of colors for luxury lovers. This multi-colored stone creates a stunning aesthetic to any interior. It's called Rainbow because it features intense layers of gold, ivory, red, brown and orange veins, giving this material a rich and dazzling character that leaves no one indifferent. When backlit, the color of this stone creates an immense impact.

## YELLOW ONYX

Yellow Onyx reflects the lights of different shades of gold. This onyx is suitable for interior furnishings of luxury settings. Yellow Onyx is available in slabs and also it can be produced for made-to-measure creations. Let the show begin!

## SOFITA BEIGE

Sofita beige marble has distinguishing red earth toned veins on creamy background. Excellent choice for bookmatched applications and also wide places like exterior-interior wall and floor of business centers, hotels and villas.

## AQUA GREEN

Aqua Green's admirable light green veins add an eye-catching beauty to your places. This gorgeous marble contributes a sophisticated touch to countertops, kitchens, bathrooms and more.

## INVISIBLE GREY

This unique color is called in three different names in different continents in the world; Invisible Grey, Iceberg and Cote D'Azur.

This is definitely one of the most elegant materials for premium and exclusive architecturally designed projects. This magnificent marble brings to mind wide-open frozen sensations with its bluish-white background, marked with frosty and intense grey veins. It is the perfect choice to create stunning waterfall designed islands and backsplashes in kitchens...

For those who love "OUT-OF-THE-ORDINARY!"

## ROSSO VENATO

It's one of the luxuries white dolomite with red veins. Amazing and pure white background with thin veins of soil tones that just give unique design to this product. Ideal solution who wants to ensure a sense of luxury.

## GREY HARMONY

Nobody can stand out against timeless, enduring and luxurious beauty of this marble! Its grey surface and reddish veins bring out a sense of charming tranquility and it adds magnificent beauty, most specially for fireplaces and wall coverings.

## BLUE LAGOON

This marble features a grey background contrasted with extraordinary gold veins. Its thick and moving gold veins add desirable aspects of the designs.

Bookmatched application of this marble shows the uniqueness and purity of your places especially on wall coverings and also its decorative side occur perfect coffee tables.

## ROSSO LEVANTO

It is a unique dark red marble from Turkey. Rosso Levanto comes with dramatic white veins, giving an elegant look to interior designs. This provocative and intense material leaves no one unimpressed!
